LUNAcompact

LUNAcompact ceiling pendant is intended to gas and electricity distribution and provides ergonomic access to equipment necessary for the work of medical personnel. This minimalistic solution has been designed to provide access to media within a strictly defined space.

This pendant is used in:
- **Intensive Care Units**
- **Treatment and dressing rooms**
- **Hospital rooms with lighter equipment requirements**
- **Auxiliary and preparation rooms**

Depending on configuration **LUNAcompac**t can function as:
- **anaesthesia pendant**
- **treatment pendant**
- **ICU pendant**

Due to its construction, LUNAcompact is recommended for use as **ICU pendant** in less demanding hospital wards where pendants mobility is not required.
